monochrome laser printers are the ideal solution for **heavy-duty workloads** with their print speeds of 40ppm, 45ppm and 50ppm. These printers are reliable, versatile, easy to handle and simple to use, delivering highly professional performance levels at a competitive cost, to meet the needs of any workplace from small and medium-size businesses to large corporations and government agencies. Use of long-life top-quality consumables enhances results to guarantee higher productivity, minimise running and maintenance costs and reduce impact on the environment. Support for a variety of formats and paper weights, combined with the large capacity of the optional paper trays, means these printers suit the most diverse printing requirements.

Compact and robust, the PG L2140-L2145-L2150
