

Quality is not an optional extra –
it comes as standard.

3060i / 3560i / 2500ci

Digital Multifunctional Systems

Copy / Print / Scan / Fax

A3

With others, you'd have to search hard for what we have long considered standard.

Here are a few examples: You will be pleased with the reliable features of our 3060i, 3560i and 2500ci A3 colour and b/w multifunctional systems, which can be flexibly modified. And should you need to, you can even take your time to think about it. You will be able to draw on unlimited resources with the multi-faceted, optional configuration possibilities and tailor your system to suit your needs. Do yourself a favour: Optimise your workflow.

Efficiency and flexibility included

Perfect your workflows: Day-to-day experiences have shown which functions are most important for efficiently managing complex, regularly recurring tasks. Tap into the potential of colour and b/w multifunctional systems while increasing the quality of your deliverables. You should not have to settle for less.

- ✿ Improve your image: Create attractive handouts or presentations for customers on high-quality paper with additional cover sheets and back pages, print internal documents on normal paper. High paper capacities mean you don't have to refill as often.
- ✿ Increase your productivity, meet your deadlines: You will soon have the first page in your hand thanks to short warm-up times and a rapid first copy. High-speed outputs of up to 35 pages per minute in b/w (3560i), 25 pages per minute in colour (2500ci) and incredibly high duplex productivity ensure your documents are ready in the blink of an eye – with no time pressure.
- ✿ Simplify organisation: Define up to 50 dividers per print job, sort copies and prints into separate output trays so that your documents do not get mixed up.
- ✿ You will be pleased with the clear 'Look and Feel' feature: Click the easy-to-understand, intuitive operation that is included in all systems via a colour touch panel, and zoom and swipe as you would on a smartphone or tablet.
- ✿ Don't lose your way: Simply adjust the Home screen to meet your requirements. The 'Home' button brings you back to where you started from.
- ✿ Streamline document management: Everything is on hand in your individual document mailbox so that processing print data for recurring jobs is no longer necessary.
- ✿ Improve your cost controlling, keep document-related costs transparent: The costs for printouts and copies can be assigned to up to 1,000 management codes (departments or projects).
- ✿ Protect confidential information: The 'Private Printing' function prevents unauthorised access to your documents.

High flexibility:
Precisely thanks to the
numerous options.

Innovations that simplify your work

Make things easy for yourself: We have developed new features for these new colour and b/w multifunctional systems that will let you improve your workflows. You will also reduce your costs. In other words, these are improvements that you will profit from!

- ☀ Save time and money: The 2500ci automatically recognises colour and b/w templates during copying and processes them appropriately, such as blank pages that are not taken into account – because organising can be tedious and time-consuming.
- ☀ Stay connected: Mobile printing* is supported so that you can scan and copy directly from your smartphone or tablet whilst on the move.
- ☀ 'Send to me' – sends important documents directly to your e-mail address via the Home screen.
- ☀ Conserve resources, reduce your energy consumption: Work in a more environmentally friendly manner with the 'Deep Sleep Mode' and only activate the system components that you really need.
- ☀ Show the format: Print and scan formats from A6R up to A3, use paper weights of up to 256 g/m².
- ☀ You don't have to send large volumes of data via e-mail: You can compress PDF files early on when scanning as standard and check the size of documents before sending.

Convenient, direct printing via USB host.

Intuitive operation, just like a smartphone.

Visually appealing integration of the card reader*.

← **Configuration made to measure:**
Flexible systems are integrated in your workflow individually and in line with all your requirements.

Configuration made to measure: tailored to your needs

The workflows and office environments are so unique, which means that the requirements for multifunctional systems are customised. You will have a large range of options available to configure your system to meet your needs.

- External appearances are important: Impress your customers and business partners with your attractive documents. Documents are stapled with the finisher* so they are dispatch-ready and the post can be sent!
- Optimise your workflows: Speed up your scanning processes by scanning colour and b/w templates with the dual scan original feeder* with a total capacity of 175 pages.

- Remain flexible: Use the HyPAS interface to set your system up with precisely those software solutions that correspond best to your personal workflows.
- Find it, while others are still searching: Create text-searchable PDF files* while scanning.
- Gain in time: You can access your print jobs at any time from any location from the system of your choice using Follow-Me-Printing solutions*.
- Pure efficiency – the individual software solutions for all aspects of your documents will make you tough to beat: Solutions are available to increase productivity and security standards and optimise scanning and archiving processes.

- Protect your data: The Data Security Kit* enables you to delete your data and prevent data on the hard disk from being retrieved after use.
- You define who can do what: Scalable security and accounting solutions* determine user groups and the range of access options.

2500ci – Achieve even better effects with colour

Produce real eye-catchers with colour. – Colour documents are more easily noticed, more memorable and last longer in the memory. Hardly any industry can get by without colour printouts; various user groups want to benefit from the positive effect of colour documents. Colour packs a punch.

- Get creative: Use the intuitive tools of the multi-faceted printer driver.

- Optimum colour levels: Create office documents that look more appealing and are higher quality – without additional configuration.
- Save money: Use the intuitive colour printing function when you need it. Define which user groups should be able to print in colour. This could be achieved using a card reader system*.

Colour packs a punch thanks to the excellence initiative for our new colour multifunctional systems.

* optional

TA Triumph-Adler is the document business expert. We offer our clients individual analysis, consultancy and efficient document workflows – not only on paper, but also electronically and with long-term service.
